Course Director
David R. Goff, MD, Chief of Cardiovascular and Thoracic Surgery

Purpose
The Heart and Vascular Outreach Symposium is held annually at McKay-Dee Hospital to provide primary-care physicians, advanced practice clinicians, registered nurses, and other healthcare providers with the most recent advances in management of cardiovascular disorders, updates on diagnostic testing, and approaches to disease management.

Objectives
Upon completion of this activity participants should be able to:
• Describe the role and impact of preventative medicine in the cardiovascular realm
• Summarize the scientific evidence that supports any change in practice
• Express new science to patient management
• Relate the current guidelines for cardiac management
• Demonstrate an understanding of bedside/patient focused approach to the diagnosis and treatment of cardiovascular disorders
• Define tools and tips to improve primary caregiver’s approach to patients with Cardiovascular problems

| 8:05 AM | Idiopathic VT and PVC Induced Cardiomyopathy: Pathophysiology, Diagnosis, Management  
          Jon Melman, MD                          |
| 8:50 AM | Cardiac PET/CT                                
          Mariam N. Nassif, MD                     |
| 9:55 AM | Break                                        |
| 10:00 AM| Atrial Fibrillation. Guidelines to Rhythm Control  
          Dan Dan, MD                             |
| 11:00 AM| Different Antiplatelet Therapies Available    
          Bilal Aijaz, MD                         |
| 12:05 PM| Lunch                                        |
| 12:45 PM| TAVR: The Past, Present, and Future          
          Eric M. Lindley                         |
| 1:40 PM | Diastolic Heart Failure                      
          Saima Husain, MD                        |
| 2:35 PM | Keynote Address                              
          A Clinician’s Guide to Cardiology       
          Garry W. MacKenzie, MD                  |
| 3:30 PM | Adjourn                                      |

Target Audience
Local and regional primary care physicians, cardiologists, cardiothoracic surgeons, advanced practice clinicians and other healthcare providers.

Travel
If you are interested in reserving a hotel room in close proximity to McKay-Dee Hospital, please contact Intermountain Travel Services at 1-800-442-2015 or travel@imail.org, and they will assist you in securing arrangements.

Registration
There is a registration fee associated with the conference. The fee is $60 for physicians, $30 for PAs, NPs, APRNs, and RNs (Mid-level Clinical) and $10 for Other Clinical & Non-clinical Staff. To register, follow the link below: www.intermountainphysician.org/heartsymposium

Intermountain Healthcare CME adheres to ACCME Standards regarding industry support of continuing medical education, and disclosure of faculty and commercial sponsor relationships (if any) will be made known at the activity. Intermountain Healthcare offers a 20% discount to physicians who are members of the American Medical Association (AMA). Please provide membership number when registering for the conference.

Intermountain Healthcare Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. Intermountain Healthcare Continuing Medical Education designates this live activity for a maximum of 6.50 AMA PRA Category 1 Credits™. Physicians should only credit commensurate with the extent of their participation in the activity.

Keynote Speaker
Dr. MacKenzie trained at the University of Alberta and University of Toronto, in Canada, in Internal Medicine and Cardiology. He was the former Head of Cardiorenal Services at a major medical center in British Columbia and was a former member of the Examination Board of the Royal College of Physicians and Surgeons of Canada. He has held positions as Chief of Cardiovascular Medicine and Surgery, Chief of Cardiology, Cardiac Catheterization Lab Director, Heart Failure Services Director and President of the Medical Staff at McKay-Dee Hospital Center since his move to Utah in 1993. He has a long and broad based experience in all areas of clinical, invasive and interventional adult cardiology.
